| Teaching Assistant: Tina and Jill |

We would like to start with a big warm welcome to our new January starters in the nursery. The children have settled back well from their Christmas break and are helping our new starters to settle into nursery life.

Last term the children enjoyed taking their learning out of this world and into space. Children enjoyed trips in our nursery rocket and got stuck into role play with the story 'Whatever next'. Making good use of some large cardboard boxes and colanders for space helmets. There was even a trip to the moon together with the children making jam sandwiches for the trip.

Our nursery garden provided an opportunity to explore the changing of the season and we had plenty of helpers on hand to sweep up the falling leaves.

The children worked hard last term on the production of their nativity play and enjoyed creating their own performances on our nursery stage. The feedback from parents was good and everyone agreed that it was a thoroughly good start to the Christmas period. Children enjoyed writing to Father Christmas and enjoyed a Christmas jumper day with Christmas themed games.

We are looking forward to this terms topic of Traditional tales and have started with The Gingerbread Man. Children have enjoyed retelling the story with puppets and cooking up some gingerbread men in the outside area.
